Kenmore Air Re-Establishes Year-Round Scheduled Service to Lopez Island

Seasonal Boeing Field–Lopez flights begin November 2 with added reliability, seamless connections, and community-driven investment

SEATTLE, Wash.— Kenmore Air today announced new scheduled service between Seattle’s Boeing Field (BFI) and Lopez Island Airport (LPS), re-establishing year-round, scheduled air service for Lopez Island residents and visitors. The new Kenmore Air Express service will operate from November 2, 2025 through March 7, 2026. The winter schedule offers a two-hour total travel time from Boeing Field to Lopez (with brief stops at Orcas Island and San Juan Island) and a 40-minute direct return flight from Lopez to Boeing Field. Fares start at \$169 per person one-way.

Reliability Backed by Community Support

This renewed year-round service is made possible thanks to the Lopez Island community’s investment in an Automated Weather Observing System (AWOS) at the airport, which enables Kenmore Air to operate under IFR (Instrument Flight Rules) capability. That means greater reliability and fewer weather-related cancellations compared to both ferries and purely visual flight schedules.

“We’re grateful to the Lopez Island community for investing in this critical weather system, which allows us to deliver the reliable year-round air service islanders have asked for,” said David Gudgel, President of Kenmore Air. “This schedule ensures residents can count on safe, dependable connections, while still enjoying the spectacular views that make Kenmore Air flights so unique.”

Guest Benefits

In addition to reliability, the Kenmore Air Express wheeled plane service offers:

- 50 lb. baggage allowance per passenger
- Shuttle ground transportation between Boeing Field and Sea-Tac International Airport for \$25 per person, per way
- Time-savings and predictability compared to ferry travel, especially during winter months

QuickTix Bundles

Frequent travelers can take advantage of QuickTix - a cost-effective, flexible option:

- 10 one-way tickets to/from the San Juan Islands
- Fully transferable to anyone
- Valid for one year from purchase
- Pricing: \$1,890, or \$1,990 with complimentary Sea-Tac shuttle service included

Schedule & Booking

Kenmore Air Express service between Boeing Field and Lopez Island will operate November 2, 2025 through March 7, 2026.
